

Love quotes

Love quotes signify the epitome of the human feelings. From the romance of Romeo and Juliet to the eternal symbol of love, Taj Mahal, everything embodies in itself a feeling that can only be expressed in words. Great human minds have taken a keen interest in writing excerpt that will produce a sensation unequalled in the literally world.

Just a couple of decades earlier, one would have to look for specially formatted love quote publication. Since, the advent of the internet, many good websites have taken over the responsibility of dispersing the aroma of love to their readers. Still, it is very difficult to deny the importance of a well published piece of love quote. Contrary to the popular belief that love quotes are only cited by the lovers, the fact remains that love also represents devotion and care. Presently, a large number of websites exist which provides readers with a large collection of love quotes. Anyone may find popular love quotes from a wide variety of poets spreading all cultures around the world.
