

Make sure to have the right cute name for your girlfriend

You will be surprised to know that looking for a cute name for your girlfriend is not at all difficult. When you give her a cute name it only shows that you are now willing to share a special bonding with her. By giving her a cute name, not only are you showing your love for her but you are also shouting to the world that she is yours. At the same time, with names for each other, you have reached a point where you have created this exclusive and wonderful little world together. So if you think about it, it is really not that hard to choose a cute name for your girlfriend. You can take your pick from the many different categories out there. The only thing you have to do really is to determine which would best describe your girlfriend and how much you adore her.

First among the category is of course the childhood theme name, like teddy bear. This is a good place to start since childhood particularly inspires fun and innocence. You can find a very cute name from cartoon characters you used to watch, toys and other fun stuff from childhood. Another category is the memorable times category. This is particularly easy because all you have to do is to remember a wonderful time you shared together as inspiration. For example, if you went to the park and she kept looking and touching the flowers, you can call her bumble bee. Another good source of inspiration and the most commonly used ones is food.

You can choose from fruits, like strawberry or you can choose from sweets, such as cupcake. She will surely appreciate it that you think of her as something as cute and sweet as the fruits and sweets you use. But make sure not to call her anything that is connected to heavy meal, like pork chop. She will think that you see her as fat and she will surely not see that as cute. Another category you can take your pick from is cute animal, like kitty cat. Again, make sure to be sensitive with your choice. A gerbil may be cute for you but she will probably find it offensive if you call her anything from the rat family.

After you have chosen the cute name for your [girlfriend](#), to make the name sound more endearing, you might want to add cute words like silly or my little. As your relationship progresses, you will realize that the cute name will always come in handy when you want to simply apologize or to make her feel more special.
